

Naval Construction Battalion Center Port Hueneme

"The Seabee Link to Readiness"

MARCH 02 SITREP

N1 Resource Management

Paul Defreitas, Acting Director

<mailto:DefreitasPB@cbchue.navfac.navy.mil>

- Reviewed CBC funding requirements for the remainder of FY02 and submitted critical funding issues and technical/zero-sum adjustments amounting to ~\$2M for consideration by NAVFAC in the FY02 Resource Allocation Plan (RAP) Change#1/Mid-year Review.
- Compiled quarterly CO's Binder report capturing vital execution data for all major product fund areas.
- Completed draft/strawman Performance Work Statement for A-76 review of the Construction Equipment Department (CED).

N3/5 Operations & Plan Department

LCDR Brant Pickrell, Director

<mailto:PickrellBD@cbchue.navfac.navy.mil>

- Transferred funds to NCTC Fort Leonard Wood to begin design of the MTRV simulator facility. Estimated completion date of facility with installation of four MTRV simulators is Jan 03. NCTC Gulfport and NCTC Port Hueneme to be funded next year with estimated completion dates of Apr 03 and Jun 03.
- MUSE technicians completed installation of a 2500kVA substation at Ford Island, HI in support of an NMCI project. They also performed inspection and assist visits for PWC Pearl Harbor and PW NBVC Port Hueneme.
- Provided 3M, tool review, boot update and Customer Liaison Division briefs at the Master Chiefs' Forum.
- Received \$250k from both 2nd and 3rd NCB to execute options one and two on the Base 3M Contract. This provides for the continued development of 3M coverage on CESE and CEEI, entailing both Maintenance Index Pages (MIP's) and Maintenance Requirement Cards (MRC's).

N4 Logistics Department

CAPT Anthony Steigelman, Director

<mailto:SteigelmanAE@cbchue.navfac.navy.mil>

Communications Commodity:

- Initiated \$966,757 procurement of AN/GRM-122 and ON-373/BGRC Test equipment.

- Coordinated buys of \$334,911 for 3rd NCB Enduring Freedom support.
- Executed buy for NGB of \$141,533.
- Coordinated transfer and shipment of excess equipment in MPFIE 2/3 to MPFIE 1/4. Resulted in cost avoidance in excess of \$1M to NCF.

CBR Commodity:

- Created Special Tool assembly for M17 Decon Unit.
- Completed M17 Program Manual.

Clothing/Medical/Dental/Food Commodities:

- Provided briefing on boots at Master Chiefs Forum.

Weapons Commodity:

- Coordinated \$264K order of NVDs for Active Units.
- Working with NSWC Crane to establish a Rotable pool for NVDs which will reduce Logistics response/lead time.

SEALIFT:

- ELCAS(M): Technical Data Package completed by N44, including changes resulting from PMO direction to remove the double-pierhead option. Solicitation schedule has been refined, with a new award date of August. Synopsis is due to go out to the Commerce Business Daily (CBD) on 01 March (NAVFACCO action).
- Submitted an updated cost estimate to the PMO for O&MN requirements to complete the FY02 FACTASK. The estimate results in an increase of approximately \$400K from the original FY02 plan. NCBC PH is scheduled to discuss the FACTASK with the PMO on 13 March.
- Shipalts: This is a major FY02 and FY03 effort in support of NL recapitalization/modernization. The shipalt Statement of Work was finalized in February. The shipalt team (led by Del Deleon of CBC N44) is scheduled to meet at PHIBCB2 in Little Creek the week of 04 March to evaluate design requirements. The shipalt project is a teaming effort with NFESC, and requires the coordinated efforts of NCBC PH, NFESC and NSWC PHD throughout the remainder of FY02 and into FY03.

CESE:

- Received and processed Priority 2 requisitions in support of Operation Enduring Freedom, requiring the processing and shipment of various CESE and CEEI (approximately 70 pieces) to Bahrain and Cuba.

N6 Communications/Information Technology Department

Joe Sweeney, Director

<mailto:SweeneyJR@cbchue.navfac.navy.mil>

- DON eBusiness Project (Tactical PDA Use in Naval Construction Force TOA Replenishment) has received \$400K of the \$835K funding. Contractors have been located and should begin working within the next 7-10 days. Charter is in final draft and spending plan is complete.

N7 Training Department

Roy Herd, Director

<mailto:HerdR@cbchue.navfac.navy.mil>

- Completed the following training courses:
 - Equipment Yard Supervisor training course for the Naval Construction Regiments
 - Marine Corps Housing Automated System for the NFESC
- Made the NCF NTSP available on the NCBC WEB site at https://ncf.navfac.navy.mil/ncbc/N7/pdfs/NCF_NTSP.pdf

CEC/Seabee Museum

Lara Bickell, Acting Director

<mailto:BickellLD@cbchue.navfac.navy.mil>

- On 6 February, the museum curator participated in the Naval Base Ventura County Groundhog Shadow program. The museum sponsored a high school student from Newbury park High School who is interested in pursuing a career in museum studies.
